UNION MEETING.

and Teachers.

SUPERINTENDENTS MEET

And Discuss Ways and Means-Advisory Committees to Ald in Special Lines of Sunday School Work.

At the Sunday School Union meeting Monday evening, May 20th, there was a large attendance of Sabbath school workers of the Salt Lake Stake. All the schools were largely represented by officers and teachers, except the Fourth ward Branch, Eleventh, Twenty-second Branch, Center and North Point. In the absence of Superintendent Griggs his assistants, Elders Burton and Burrows, presided, and the Seventh ward school furnished the excellent musical exercises, Master Willie Sharp singing a solo. The opening prayer was offered by Elder George A. Smith of the Sevententh ward.

After the calling of the roll by Secretary J. H. Parry, the meeting divided for department work.

SUPERINTENDENTS' MEETING.

At the meeting of the superintendents the condition of the various schools of the Stake was pretty fully discussed. There are several schools in which all the officers and teachers observe the Word of Wisdom and pay tithing. Cottage schools had been successful where tried. Some of the school superintendencies hold regular council meetings once a week. Those schools which had thought to drop the keeping of a roll in the kindergarten department were advised to continue the use of the roll book. Some discussion was also had as to the way of keeping the school enrollment and attendance, and the striking of averages.

Superintendent Charles B. Felt of the Seventeenth ward, by request, spoke of an innovation introduced into that school with great profit. In order to keep up a general interest in all the departments, and to have all take part in improving the condition of the school, superintendency had called to their aid a number of advisory committees, consisting of two or three members, who made a specialty of improving that particular feature designated to them. They had committees on discipline, studies, enrollment, punctuality, order, finances and amusements, novelties, These committees were particularly useful in sustaining the hands of the superintendency, as no one set of officers could possibly look after all the varied interests of the school and give them the attention they requeried.

Those schools which had not already sent in the report of nickel collections were requested to forward same as early as possible.

Interersting and profitable work was done in the various departments relating to the same grade of work in the

Elder Joseph A. West of the Seventeenth ward was sustained by vote of the metting as principal of second inermediate department of the Union meeting; he has heretofore been an asistant in this class.

Upon reassembling the Sunday school "Kind words are sweet tones of eart," was rendered, solo by Miss Irene Kelly, with chorus by the S ward children. Benediction was pro-nounced by Elder Robert Sherwood, and adjournment was taken till June, when the Eighth ward school will furnish the music.

In Substitute Feeding

for infant's physicians agree that cow's milk is the basis for all beginnings. What is required then, is the best possible milk product. Borden's Eagle Brand Condensed Milk is ideal, pure, sterile and guarded against contamina-

GASOLINE CAUSES TROUBLE. Stove Explodes and Does Damage to the Extent of About \$500.

The rooming apartment of C. L. Higgins of First North and West Temple was damaged to the extent of at least \$500 last night by the explosion of a gasoline stove. It also came near resulting fatally for Mr. Higgins who was standing near the stove when it exploded. He was preparing to heat some water and had just applied match to the burner when the gasoline was thrown all over the room. Mr. Higgins managed to escape with singed hair and eye brows, but the interior of three rooms were soon in flames. An alarm was turned to department No. 4, which was responded to quickly. A few gallons of chemical put out the fire but not before it had done con-siderable damage. J. J. Snell is the owner of the building. The los is covered by insurance.

AT POLICE STATION.

Another Case of Smallpox Makes Its Appearance-Sent to Hospital.

A man giving his name as John Milade, and claiming to hail from Grand Junction, walked into the police station this morning and calmly announced that he had smallpox and asked the advice of the officers. He was at once "advised" to get out onto the sidewalk and make himself comfortable by the flag pole until the doctor arrived. When Dr. King came he at once prothe case smallpox, but of a very light form, and had the man moved to the isolation hospital. Milade says he came here three days ago but did not notice any eruptions on his face until early this morning.

Whosping Cough.

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. gays: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamber-lain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoo; Jesse Pinkey Hall, Springville, Ala. between whoops .-

WHAT U. P. HAS DONE IN WYOMING

Very Large Attendance of Officers | Cut-offs Are All Now Practically Completed West of Cheyenne.

WORK IN UTAH IS IN ORDER

President Burt States That There is Still Plenty of Work to Be Done This Summer.

With the era of railroad contruction in the West in full swing and the work on the Union Pacific in Wyoming nearing completion it is interesting to note the big changes that have been inaugurated by President Burt and his associates during the past two years. Prior to his departure for Omaha yesterday the head of the Union Pacific af. fairs stated that the good work or straightening out the track would be pushed this summer as of yore and the policy of improvement continued.

The Harriman interests represented in the Oregon Short Line, the Oregon Railroad, & Navigation company, and he Southern Pacific are also following the pace set by the parent road so that in the near future the time between the Missouri river and San Francisco and other coast points will be cut down by hours. In Wyoming 158 miles of cuton's have been built, saving 31.21 miles in distance, cutting down the curvatures and grades fully one-half and reducing the angles nearly two-thirds.

The work has been in the past main-

ly between Buford, on the eastern slope of the Black Hills, 545 miles west of Council Bluffs, and twenty-se en west of Cheyenne, and Bear river, Utah. Under the changes now completed the old bridge over Dale creek, which used to cause nervous travelers to shudder as they looked down the 135 feet sheer dr.p, has been cut out, the heavy grade and cuts from Cheyenne have also been materially reduced so that the thirtymiles gained are made to appear as though seventy have been cut off the old mileage of the Union Pacific. Indications point to the fact that the cut-off policy will be soon actively be in

operation in Utah.

Rriefly, the work done by the Union
Pacific to date in Wyoming includes
hatween Buford and 29.63 miles between Buford and Laramie saving .37 of a mile in dis-tance; between Howell and Hutton. saving 3.11 miles; 3.9 miles on the Lar-amie plains between Cooper's Lake and Lookout, saving .38 of a mile; 25.9 miles between Lookout and Medicine Bow, still further west, saving 12.03 miles; 8.15 miles between Allen Junction and Oana, saving 3.87 miles: 42.83 miles between Rawlins and Tipton, saving, 1.44 miles; 10.64 miles between Green River and Bryan, saving .45 ot a mile, and 21.56 miles between Leroy and Bear river, saving 9.56 miles.

UNION PACIFIC BONDS.

pplication Posted in the Stock Exchange in New York.

New York, May 21,-An application of the Union Pacific railway to the stock exchange has been posted at the ex-change to list \$100,000,000 first mortgage collateral trust convertible four per cent bonds. This is the total amount of these bonds authorized by the com-pany, including the \$40,000,000 already sold to finance the Southern Pacific purchase. The application as posted loes not mention the collateral bonds or the purpose of the \$60,000,000 and which it has been rumored were inand which it has bee nrumored were in tended to finance the purchase of the Northern Pacific stocks.

GENERAL OFFICES CLOSED.

Memphis Route to be Henceforth Operated at Frisco Headquarters.

Kansas City, Mo., May 21,-President B. F. Yoakum of the St. Louis and San Francisco railroad has announced that the general offices of the Memphis route in Kansas City will be closed and that line will be operated from the general office of the Frisco in St. Louis.

He said the Frisco would build a line from Sherman to Fort Worth, Texas, to connect with the Fort Worth & Rio Grande, recently acquired by the Frisco, and from the terminus of the latter line, would build to the Mexican border at Spofford, about forty miles from Eagle Pass, where a connection would be made with the Mexican Inter-

Will Put in the Last of the Heavy Steel at Once.

Los Angeles, Cal., May 21.—The Santa We is about to begin another and probably its last piece of important reconstruction on the lines embraced in the far western portion of its system. The new work will be the relaying of the track between Barstow and Mojave, a distance of 71 miles, with seventy-five pound steel rails. The rails now in use along that portion of the road are 56 pounds in weight. When the new work completed the entire system west of Albuquerque will be practically rebuilt.

It is Now Van Ettan.

New York, May 21,-The Tribune ays: It is the drift of opinion that Edgar Van Ettan, general superintendent of the New York Central, is to succeed Mr. Callaway as president of that road.

official information as to this could be obtained since the subject has not yet been discussed by W. K. Vanderbilt and his associates in control of the Central. Although many other names have been mentioned, Mr. Van Ettan is regarded at present as most likely to be elected to the office.

Missouri Pacific Directors Meet. New York, May 21.-A meeting of the directors of the Missouri Pacific Railway company was held at the com-pany's offices here today. At the close of the meeting it was said nothing conreceived by John Johnson. cerning the business would be made Sciatic Rheumatism Cured After Fourteen

125 engines to be delivered during the year.

Line with headquarters in Chicago, is in town.

J. B. Nelling, of Sydney, Neb., has been appointed district foreman at Evanston.

President H. G. Burt. of the Union Pacific, left for the East yesterday af-

The Salt Lake & Ogden railroad is using all its available flat cars to hau! brick this spring. The Union Pacific has issued to it

employes a circular of instruction for first aid to the injured. Sheep shearing pens have been erect ed at Guernsey, much to the disgust of the cattlemen in the district.

Traffic Manager S. H. Babcock of the Rio Grande Western left for Santa Cruz last night, where his family will spend the summer.

The Burlington has received a consignment of 5,000 art fans for free distribution this summer. The temperature promptly dropped this morning.

C. M. Woods of the "Frisco" returned

from Idaho this morning. He reports that there are close upon 600 carioads of wool waiting to be moved in that State The engineers in charge of the work of Lridging the Snake river on the new Houston road are experiencing consid. erable trouble with the high water which has been booming down the

channel for three weeks past. The Idaho Midland, through its attorneys, has petitioned the city council at Boise to extend the time limit on the acceptance of the right of way through the city from June 1 to De-

Engineer Stradley, the Union Pacific surveyor, who has been working in Wyoming for a year past, accompanied by Messrs. Walter Foote and E. I. Rivenburgh, has gone to southwestern Nevada, where he will do considerable survey work for the Oregon Short Line. Railroad men who have knowledge of the plans of J. J. Hill are positive in the assertion that former Senator Pettigrew will be made the executive head of the Great Northern system. It has been intimated that he would succeed President Meilen of the Northern Pacide, but this is considered erroneous. It is generally accepted here as a fact that Mr. Hill has decided to grake New York his permanent home.

Rawlins Republican: It is reported that a surveying corps has been sent to Granger to prepare plans for enlarging the yards at that place. Before the close of the present year train crews will, undoubtedly, be running through from Rawlins to Granger, and as soon as the Aspen tunnel is finished they will run from Granger to Ogden. Coal trains will swing at Rock Springs, and there will be a good round house erected there to take care of the engines on this run. The Portland, Nehalem & Tillamook

Railway company has, through its offi-cers, made a formal proposal to the transcontinental systems for the building of a joint line, of which Portland shall be the terminus, to the Nehalem and Tillamook regions. Copies of the proposal have been mailed to F. H. Harriman of the executive committee of the Southern Pacific and Union Pa-cific and Daniel S. Lamont, vice-president of the Northern Pacific. interests should refuse to join in a single line the Nehalem company efficers say Portland will make an effort to build an independent line. Negotiations looking to this end are now in progress. Cheyenne Leader: A prominent railroad contractor was seen at the depot yesterday and stated that during a recent talk with Chief Engineer Berry of the Union Pacific that gentleman said that there would be a large amount of construction work done by the Union year, and that this work would begin next month. Just what the work would be he did not state but contractors believe that in spite of President Burt's formal denial the Athol hill cut-off will be built. If not, then Engineer Berry presumably referred to the awarding of contracts for double track-

ing portions of the line in Wyoming. GEO. DUSENBERRY DEAD Eldest Son of Judge Dusenberry Passes

Away at Butte. George A. Dusenberry, whose critical condition was chronicled in the "News" last evening, died a few hours later at the Clarence hotel in Butte. His father, Judge W. N. Dusenberry of Provo, had got as far as Salt Lake on his way to the bedside of his son, when he received a telegram from J. P. Tobin of the Clarence hotel to the effect that George A. had passed away. The Judge then wired Mr. Tobin to ship the body on to Provo where it will be interred.

FUNERAL OF A. L. CANNON. Services in Fourteenth Ward Attended by Hosts of Friends.

The funeral of the late Angus Lynch Cannon was held yesterday afternoon from the Fourteenth ward meeting house. The building was crowded to its apacity by young and old, which bore eloquent testimony of the hold the de-ceased had on the hearts of those who new him. The casket was carried from the home

of President Angus M. Cannon by the pall-bearers, who were John M., Lewis, Eugene M., Clarence M., Jesse F. and Quayle Cannon, ail uncles of the de-The floral tributes were numerous and very beautiful, some of the sented by the State bank, Zion's Sav-ings bank, and the Fourteenth ward Sunday school, as well as many beau-tiful flowers from individual friends.

The services were very impressive, and were presided over by Bishop George H. Taylor. The music was fur-nished by the Fourteenth ward choir and the opening prayer was offered by Elder Thomas E. Taylor.

Impressive and appropriate sermons were preached by Elders Seymour B. Young and Charles W. Penrose. Remarks were also made by Bishop Heber C. Iverson of the Second ward, who testified of the upright conduct of Angus L. while a member of the Second Bishop George H. Taylor of the Fourteenth ward also spoke of the goodness and faithfulness of the de eased during his residence in the ward The benediction was pronounced by

Elder Claudius V. Spencer. The remains were followed to the cemetery by a long cortege, and the grave was dedicated by Patriarch John

ONE CHANCE OF A LIFETIME. I HAVE bought for \$.50 on the dollar, and just received, the bankrupt stock of a Milwaukee Furniture Co., consisting of nine carloads of mixed furniture, carpets and stoves. Only a few pieces shop worn. Now exhibited and up for sale at prices to suit. Four floors full of bargains, Get our prices before buying. Also this week, the furniture of 64 rooms must be sold at any price. A chance for dealers. Terms \$1.00 on \$10.00. Il No. 1. Furniture & Carpet Installment House 45 East Second South St. P. A. Sorensen, Prop.
